

Four Seasons Dermatology Patient Portal

Four Seasons Dermatology Patient Portal provides real-time access to your health information, including medications, health history, and progress notes – whenever you may need it. You can also request medication refills and message your care team. Signing up is easy!

Step 1: Visit our website www.SkinVT.com, and click on the link for our patient portal in the top right-hand corner.

Step 2: Regardless of whether you're a new or established patient, you'll log in the same way. Select "Log in with Username." Under "Confirm Identity," enter your email as your username, followed by your password. If you don't remember your password or haven't set one yet, select "Forgot Password" to reset it. An email link will be sent to the email address on file in our system. If you do not receive a link, please call our office at 802-864-0192.

Step 3: That's it! Once you're logged in, you can access the following information using the tabs on the left-hand side of the page:

- Use **"My Health"** to view and update your health history at any time.
- Use **"Appointments"** and **"Past Appointments"** to view your past appointment notes.
- Use **"Messages"** to send or view messages directly with your care team.

Please Note: The patient portal currently allows you to view your past appointment notes, message your provider/care team, and view or update your health history **only**. Upcoming appointments and pathology reports/results are **not available** to view through the patient portal currently.
